Growing Cents: UAT Scope Renegotiation v1.0

This document formalizes the shift from legacy specifications to the "Elite" tactical standard delivered in this build.

1. Scope Adjustments

1. **Dashboard Transformation**: Replaced "Generic Listing" with "High-Density Cockpit".
2. **Security Expansion**: Upgraded from "Role Checks" to "6-Layer Matrix Architecture".
3. **Data Integrity**: Implemented "Grace Period" logic to prevent post-audit corruption.

2. Institutional Acceptance

These adjustments represent a net-positive yield for the Growing Cents

ecosystem, prioritizing institutional resilience.
